Y2 Thinking like a computer scientist

What is Ai?

Key Knowledge:

This unit progresses pupils by encouraging them to be evaluative of the tools i.e. by making simple judgements about the advantages and disadvantages of using AI tools, as opposed to more traditional methods for performing similar tasks. For this unit, it is suggested pupils can explore one (or more) of the following AI tools:

Whats is AI?

What are the advantages and disadvantages AI technology ?

How can you use tools to add effects to a video?
