

Y1—Geography

What will we be learning?

- Differences between urban and rural areas.
- Features of our school grounds.
- Features of our local area.
- How to identify Ordnance Survey map symbols.
- How to create a map of our local area.

Learning Questions

1. Can you spot the difference between rural and urban areas and know what type of settlement I live in?
2. Can you explore and record the features of our school grounds?
3. Can you explore some of the features in your local area?
4. Can I recount the journey through my local area?

Key knowledge

An urban area has lots of people living there. Towns, cities and suburbs are all urban areas.

A rural area has fewer people living there. Rural areas include the countryside, villages and hamlets.

An Ordnance Survey map is used to help people find their way around an area.

Glossary

map symbol: *a small picture on a map that shows you where different things are (such as a bus station or a school)*

route: *how you get from one place to another (for example, “you walk up the hill and turn towards the school when you get to the top)”*

settlement: *a place where people live*
