

Y4 Thinking like a Geographer

South America

Key knowledge

- Use virtual fieldwork to observe, measure, record and present the human and physical features of the Amazon rainforest.
- Make predictions using visual and sound data.
- Use a tally chart and sound data to record animal biodiversity.
- Make observations to investigate the natural features of the Amazon rainforest.
- Collect data from field observations during a visit to two Achuar villages and use them to compare and contrast with their own local area and create written accounts.

Key Vocabulary:

Indigenous

Pledge

Charity

Biome

Biodiversity

Agriculture

Crops

Illegal

Deforestation

Fair trade

Poverty

Photosynthesis

Learning Questions:

How do the Achuar people live in the rainforest?

What can I learn from a visit to the Achuar villages in the rainforest?

How is the rainforest changing?

What can we do to protect the rainforest?

Can I make a pledge to protect the rainforest?

Can I reflect on my experiences of the rainforest?
